## California's County Fairs Expected To Resume Annual Exhibits In 1946

The majority of California's 65 district and county fairs are expected to resume their annual exhibits in 1946, Gov. Earl Warren was notified today.

Many of the grounds were occupied by the Army during the war. Some may not be vacated in 1946. But all 65 fairs will probably be able to operate in 1947, Director of Finance James S. Dean told the Governor. Policies governing allocations of State money to the fairs were discussed at a meeting of the Assembly Interim Committee on Fairs and Expositions at Sacramento last week, which was attended by Dean and officials of the Division of Fairs and Expositions.

The fund has grown rapidly during the past year as a result of heavy attendance at racing meets, which the State taxes for the fairs. Withdrawals have been negligible during the war. Consequently, Dean said, allocations for the 1946 premium lists will be higher than ever before, and allocations for 1947 and 1948 are expected to be at the maximum rate of \$65,000 for each fair. This is the maximum allowed by State law. The minimum is \$6,000, and ordinarily the allocation is increased 10 per cent per year.

The committee agreed that the fairs will be required to "match" State appropriations for building purposes to some extent, according to Dean. The value of fair ground sites previously donated by a county or district may be credited in arriving at the "matching" formula, he said. Also, part of the premium fund may be used in

some instances for this purpose. Each fair will be urged to have its present buildings painted and repaired, work which had to be deferred during the war. As far as new work is concerned, priority will be given to water supply, sanitary facilities, fire protection and eating facilities, Assemblyman Jacob Leonard of Hollister, chairman of the committee, said.

Leonard added that primary consideration will be given to the needs of fairs which conduct exhibits of agricultural, horticultural and livestock products. The committee does not favor requests for State funds by fairs which conduct horse races only, Leonard said.

Dean reported to Governor Warren that the committee expects to meet again about Dec. 1 to consider district and county fair construction budgets. The State has \$5,101,000 available for this purpose, he disclosed.

This, he added, will enable the State to authorize construction of most of the buildings needed by the 65 fairs. A few large projects will have to be deferred temporarily because sufficient funds are not yet available or because sites have not been acquired, he told Warren.

However, the Division of Fairs and Expositions is planning five years ahead, he said, and if racing continues to be as popular as it is now, adequate funds should be available.

Assemblyman Leonard's committee includes Assemblyman Ernest Geddes of Pomona, Dwight Stephenson of Elk Grove and Charles W. Lyon of Beverly Hills.

## Yamashita on Trial

Gen. Yamashita listens intently to opening testimony at his Manila trial as a war criminal. He is charged with responsibility for the vital crimes of his Japanese soldiers during the last days of Manila.

# TORRANCE HERALD

November 15, 1945

Torrance, California

Section B

## Torrance Gets \$1107 In State Liquor Funds

Distribution of \$2,079,978.97 to California cities and counties was announced today by the State Board of Equalization.

The sum represents one-half of the alcoholic beverage license fees for the first six months of 1945.

Of this sum, shared on the basis of the location of licensed premises, \$596,089 will be distributed in Los Angeles county where \$1107.50 will go to Torrance.

This revenue has been collected and distributed by the State Board of Equalization at no cost to local governments. After deducting administrative expenses, the remainder of the fee proceeds goes into the state general fund.

## IMMEDIATE DELIVERIES WITHOUT PRIORITIES At Your Home Or At Any Job READY-MIXED CONCRETE

Modern high-discharge ready-mixed concrete trucks, manned by efficient, courteous operators, now available for all types of jobs, large or small. Telephone inquiries solicited.  Large, red, fine flavored apples. Just right for eating or baking.

**D'Anjou PEARS 14¢**  
 Spicy, wine-like flavor. Enjoy them in holiday fruit bowl.

## What All Drivers Should Know

Prepared By The Department of Motor Vehicles

**DIRECTIONS:** These questions are Official and the same you are asked when you apply for your Driver's License. Test your knowledge by marking yes or no in the space at the end of the line. Correct answers printed below.

1. When you hear a siren should you pull over to the right and stop and then decide whether the emergency vehicle is coming your way?
2. Does the law permit you to throw a lighted match from your car if you are careful?
3. If a street car has stopped at a safety zone may you pass the car slowly if you watch out for passengers?
4. When two vehicles reach an intersection from different highways at the same time, does the vehicle going faster have the right of way?
5. Does a blinking red traffic light mean for you to merely slow down and drive through?
6. When stopping your car or suddenly slowing down should you warn other drivers by holding your arm down outside the car?

- Answers**
1. Yes. Pull to the right as far as possible, clear of any intersection and remain stopped until the emergency vehicle has passed. (Section 554 Vehicle Code)
  2. No. When outside of a business or residence district it is a violation to throw any lighted match, cigar, cigaret or other burning substance from a car. (Section 600 Vehicle Code)
  3. Yes. Where there is a safety zone or traffic control signal device, you may pass slowly, not over 10 miles per hour with due caution for the safety of pedestrians. (Section 571 Vehicle Code)
  4. No. The driver of the vehicle on the left must yield the right of way to the driver on the right regardless of the speed of either. (Section 550 Vehicle Code)
  5. No. A red traffic light that flashes on and off means that you must come to a complete stop before proceeding through the boulevard. (Section 477 Vehicle Code)
  6. Yes. You should signal by extending your hand and arm downward beyond the side of the vehicle. (Section 546 V. C.)

**WiseAmericans Now Fight COUGHS**

or Bronchial Irritations Due To Colds—With Buckley's "Canadiol!"

Almost instantly you get the surprise of your life—coughing ceases—right away it loosens up thick choking phlegm—opens up clogged bronchial tubes—makes breathing easier.

There's real economy in Buckley's—all medication—no syrup. Half to one teaspoonful will convince the most skeptical.

Get Buckley's "Canadiol" made in U. S. A., the Cough Mixture that outsells all others in Australia, New Zealand, Canada, and many other countries on the globe. At all good drug stores.
